## Ladies

Realize perhaps more fully than any one else the value of a clear and beautiful complexion, and they also know how difficult it is to retain freshness and beauty, when confronted by so many diseases incident to females that sap their strength and undermine their health. Science progresses. There are two remedies, when used in connection, will cure any case of female weakness of short or long standing and restore the individual to perfect health very quickly. Dr. Hale's Household Ointment, used in connection with Dr. Hale's Household Tea will accomplish the desired result quicker and better than any other known remedy. Large size 50 cents; sold at South Side drug store.

Is the only disease which seems to entirely baffle the physicians skill. Thousands upon thousands die annually that might be saved if they would use the medicine in the world that is a specific for that dread disease, viz: Dr. Hale's Household Ointment, which has saved the lives of hundreds of people after having been given up by the physicians when both lungs were badly involved. There is no remedy known to man that equals Dr. Hale's Household Ointment for the cure of Pneumonia. It cures the severest cases. It should be in every home in America. Price 25 and 50 cents per box. Sold at South Side drug store.

P. H. CARPENTER.

## About the Size of It.

The Frankfort correspondent of the Lexington Leader says he has been paying attention to the capital removal question, and finds a very general desire on the part of the delegates to settle the matter once for all. He has interviewed a number of delegates as to their preference, and, even with his predilection for Lexington, quotes most of them in favor of leaving the capital where it is. Most of those who say they want a change are disposed to be funny and ask the honor for their own county seats. Still the Leader manages to reach the conclusion that the capital Lebanon the choice of a number of delegates from Southwestern Kentucky, and throws cold water on the Falls City by pretending to discover that it is unpopular among the delegates.—Courier-Journal.

## Fairview.

J. W. GAYLE, Druggist.

## Among the Colored Citizens.

Miss Annie Laura C. Merritt left last week to accept a school at Alton, Ky.

The tin labeled invitation to attend the emancipation proclamation anniversary at the First Baptist Church was carried out Sunday without any preparations being made by our good citizens, who would have felt delighted in lending their aid to such a grand cause. But a fair sized crowd was in attendance Monday night, considering the short notice of Sunday; and out of the great crowd of speakers who were to address our people there was but one, Rev. I. H. Welch, who delivered a very grand speech, and was loudly applauded. Had he not attended the meeting it would have been a failure.

Sunday, Sept. 2d, Wyatt Beatty, Jr., and J. W. Woolfolk will run an excursion to Lexington to witness the closing of the A. M. E. Conference. As this will be about the last of the season, our people who desire to meet their friends in the above city should embrace this opportunity.

The remains of Marion Thomas were brought to this city for interment.

Mrs. Ed. Thomas, of Chicago, has been in the city for several weeks visiting her mother, Mrs. Woolfolk.

The Duds, Jr., have established a club here in opposition to the Powder Horn Club. They propose to put the gilt edge to their entertainments. Now with the two rival clubs, what is to prevent us from having a good time during the winter? But the writer will say a prize will be given to the first to come forward with something to show that they are possessed with the entertaining qualities the other club has.

Mr. Charley Fremont is still confined to his bed, and suffered very much the first part of the week.

Nothing has been heard from our own Clay, Talbutt and Richey Minstrels since they left the peaceful Crawl for their tour of the surrounding counties.

Mrs. Julia Ann Smith, widow of the late Peter Smith, died Thursday night, after a lingering illness. She was one of the wealthiest of our race in the city, was a true Christian woman and greatly beloved by all who knew her.

Mr. James Mapping, of Lexington, is in the city this week and will remain five months.

Miss Loula Dodson spent a pleasant week in Lexington.

The ladies and gents who attended the Lexington fair have spoken very highly of it, and the good entertainment received in the above city. The writer was unable to attend, owing to business.

The report for the year of Rev. Turner, the pastor of the St. John A. M. E. Church, of this city, was read Sunday night and a copy was furnished each visitor and member. It is neatly gotten up and proves to be satisfactory to the many members, so much so that the members will try and ask that Brother Turner be returned to this Church by the Conference at the proper time.

### Soldiers' Reunion.

The reunion of the Sixth and Fifteenth Infantry and Ninth Cavalry, Kentucky Volunteers, held at Shelbyville on Friday of last week, was a grand affair and was attended by about a thousand old veterans. Kelley and Mrs. Hirst, National President of the Woman's Circle, G. A. R. A splendid dinner, prepared by the ladies of Shelbyville, was partaken of, and early in the afternoon the procession marched back to Shelbyville, where a business meeting was held and the following officers elected: President, Capt. ### Wanted to Blow up the Pen.

A man by the name of Jas. H. Campbell, alias Black, was arrested Saturday on a charge of carrying a concealed weapon, tried in the Police Court and sent to the Work-House, in default of the payment of a fine of twenty-five dollars. It has since developed that he is an ex-convict, having been sent to the penitentiary from Hopkins county for two years, his term expiring last July. From suspicious circumstances Warden Bolan believes he came here for the purpose of assisting some of his confederates in the penitentiary to escape. He is known to have sent up a sky rocket from the Arsenal Hill one night last week as a signal to some of his pals in the penitentiary, and on Monday his satchel as found concealed behind the Arsenal, in which were eighteen large blocks of dynamite, with fuse and for firing the same, and it is believed it was his intention to blow down the walls some night and give his confederates a chance for liberty. He is still in the work-house and will be held on a more serious charge in his time expires.

### Fire Wednesday Night.

Just before 7 o'clock Wednesday evening the fire department was called to the Hermitage distillery, at the east end of Third street, by a alarm occasioned by the burning of shavings from a saw, which had been in the river bank, just back of the cattle sheds. These shavings were in great danger of being destroyed, and the 800 feet of hose which are always kept upon the distillery premises were immediately attached to a fire plug on Cross street by the employees of the distillery and stream of water turned on, and in a time the flames were extinguished. The fire department made good run, considering the distance, when they reached the place, as they had a long haul to make them be of much service.

they had a stream of water on the fire within six minutes from the time the alarm sounded.

Specifications are now being prepared at the office of Maj. Lockwood, U. S. Engineer in charge, in Cincinnati, and it is hoped work can be resumed before winter sets in.

### On Time.

With every returning September and March comes the fall and spring advertisements of the old reliable nurseryman, H. F. Hillenmeyer, of Lexington. He is on hand again today with his fall announcement of a large assortment of ornamental trees, grape vines, asparagus, small fruits, &c. His stock is always the very best and just what he represents it to be. In dealing with him you patronize an honest, upright gentleman. Read his advertisement and then send in your orders for fall planting.

Baker's Famous Headache Specific cures where other medicines fail. It is the best one trial will convince you. Wickliffe Chapman, Jr.

### Close Work.

Douglas Camp, Knights of Friendship, of this city, went to Mt. Sterling, and drilled for a prize of seventy-five dollars against Winchester Camp, on Saturday. The two drill corps were so evenly matched and so close was their work that the judges were unable to decide which was entitled to the prize, and it was agreed to divide it between the two camps. Douglas Camp is composed of a fine body of young colored men, who take great pride in their drill and are not afraid to tackle any other organization upon the parade ground. Their movements are all well executed, and they generally carry off one of the prizes when they enter a contest.

### Deaths Elsewhere.

Mrs. B. T. Milton, who was paralyzed last week, died at her home in Lexington on Saturday night and was buried Monday. The aged husband has many friends here who deeply sympathize with him, now that he takes up the burden of life alone.

We are glad to state, however, that he has recovered sufficiently to be able to use both arm and limb, his brain is as clear as ever and his physician thinks he will soon be all right again. Mayor Taylor is one of our most enterprising and energetic business men, and his host of friends regret to hear of his misfortune, and earnestly hope to see him out again soon.

### The Fall Celebration.

Mr. P. Fall Taylor, Secretary of the Louisville Fall Celebration, spent Sunday in this city visiting his mother and sister, and reports everything in readiness for a grand display next month in the Falls City. He is a live, energetic young man, and we can safely say that if every one connected with the fall celebration have done their work as faithfully and conscientiously as Fall Taylor, it is bound to be a perfect success in every respect. Like all Frankfort boys of pluck, who leave home to make a living, he is going right up to the front and is bound to succeed in life.

### Rough on the Judge.

A leading member of the Frankfort bar boards at the same house with a bright little three-year-old boy, and on coming out from dinner a few days ago the lawyer found the little fellow standing in front of the house talking to himself. "Who were you talking to?" asked the Judge. "I was talking to God," said the little one. "Well, where is He?" asked the Judge. "Oh, He took His head in as soon as He saw you coming," was the reply, which took the Judge's breath.

Everybody patronize the Noss Family, because their performances are clean and full of wit and humor, and are the theme of praise everywhere.

**Thirty Years.**  
Thirty years of earnest devotion to certain specialties of medical science in a practice which for extent and success stands unequalled, has enabled Dr. Bogman, who has so long visited our city, to promptly and successfully treat all cases which he has accepted for treatment. His practice has increased from the first visit until it has reached vast proportions. His patients, of whom there are many in this county, speak in the highest terms of praise of his successful treatment and of his character as a gentleman. His methods are those of the latest requirements of medical science, while his experience enables him to promptly recognize disease, its cause and its cure. He will be at the Capital Hotel, Wednesday, October 1st, on his regular visit.

The Noss Family introduce a great number of specialties in the comedy sketch, "A Quick Match."

**DO NOT SUFFER ANY LONGER.**  
Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Cough Remedy, and will refund the money to all who buy, take it as per directions, and do not find our statement correct.  
J. W. GAYLE, Druggist.

**Put on the Brakes.**  
If you find you are going down hill in point of health. Failing strength, impaired digestion and assimilation are the marks of decline. Check these and other indications of premature decay with the grand vitalizer and restraining tonic, Hostetter's Stomach Bitters. Beginning at the fountain head, the stomach, the Bitters removes its influence, corrects its errors, and sets it properly to work. The digestive organ is thus enabled to thoroughly separate from the food its nutritive principles, and the food is assimilated, is enriched. This is the system nourished and being nourished, the body is strengthened, and the waste of its tissues stayed. Appetite, the power to rest well, a certain habit are also re-established, and the various functions have once more in their normal and healthy operation. The Bitters, moreover, is a specific for and preventive of indigestion, dyspepsia, biliousness and kidney troubles.
